

AP 0520 / 0521

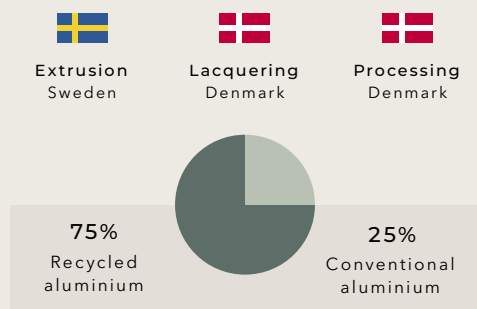

AP 0520 is a graphic wide track profile which over the years has remained a firm, global favourite. The AP 0521 profile is identical to AP 0520, but is supplied with pre-drilled holes for direct mounting without the use of brackets. AP 0520S is made from min. 75% recycled post-consumer aluminium and extruded using only renewable energy, making it part of our SUSTAIN™ portfolio.

COLOURS

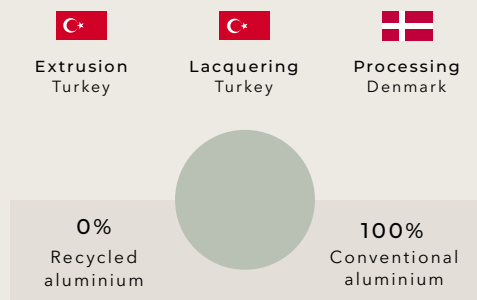

Powder coating and wet lacquering in all RAL and standard NCS colours is possible for an additional charge.
